Yesterday's stock market showed an active advance in the price of all Southern roads and industrials. Chesapeaks and Ohlo, in which many of the local investors have interests, showed up decidedly strong and active in the market. Atlantic Coast Line was another stock of interest to local investors which showed up strongly. In yesterday's market it reached the highest point that it has since the panic, going as high as 1111-2.

Louisville and Nashville also showed improvement, and reached a high-water mark of 122 T-8. On the strength of the dividend which it has declared, Norfolk and Western yesterday aftermoon went to 85, the high mark this year.

On the local stock market bank

on the local stock market bank stocks are in good demand, notwithstanding the fact that they have advanced about \$10 per share during the past thirty days. Local buyers claim that it is hard to obtain them, even at the advanced figures for which they are at the present time selling.

City bonds are also in better demand, as the market has been cleaned of them during the past thirty days. of them during the past thirty days, and especially during the past ten

ACCORDING TO LAW

That Is the Way Judge Would Have Southern Pacific Assessed. Southern Practic Assessed.

FRANKFORT, KY. December 1.—
In the Circuit Court to-day Judga Stout rendered a decision in which he directs the board of valuation and assessment to assemble and assess the Southern Pacific Railroad according to law. Judge Stout does not say what valuation shall be placed on the Southern Pacific, which has its offices at Beechmont, a suburb of Louisville. The suit, however, was to force an assessment on a valuation of \$250,000,00 and will mean about \$6,000,00 for the State if the Court of Appeals upholds the judgment, as five years taxes are involved.
